

2011 Tournament Recap

July 27, 2011 | Medicine Lake results have been posted! Congrats to the one of two teams to bring in a 20+lb bag, **Jared Kehret and his teammate** of *Team Tex* who posted 20.95 lbs, anchored by a 4.95 lb donkey! Their effort earned them 1st place \$302.

As mentioned they were one of 2 teams with a 20+lb bag, due to losing a half pound with 1 dead fish, *Team Better Late Than Never* members **Brian Block and Brian Wood** had to settle for second place with 20.55 lbs but still netted \$166 which included big bass #2 for the tourney of 4.55lbs.

Continuing their consistent pace, *Team Flippin' and Lippin'* of **Mike Doughty and Tim Krebs** nabbed 15.75 lbs and placed 3rd earning \$87 for their efforts. They also have strong-armed the field for overall points with a lead of 120 points, they are considered favorites anytime their boat hits the water.

And speaking of consistency, the bell tolls 4 for *The Bassassins*. **Dan and Jim Krocak** just can't get over the 4th place hump, having placed in this position for all 4 of the tournaments of the year! Side bets will be placed on whether they can repeat again...

The final regular season tournament is on Prior Lake in the south metro, where team champions will be crowned. There are a lot of position battles in the rankings with a handful of ties and of course, this means a lot of pride on the line too. Tournament blast-off order can be found [here](#).
