

2011 End of Year Recap

October 3, 2011 | Congratulations to Team Flippin' & Lippin' – Mike Doughty and Tim Krebs – on their successful run this year. They took Team of the Year points and were awarded an additional \$100 with their names on the trophy. Not to rest on the season's success, they came through and eked out the TOC win by a small margin over The Dirty Rotten Bassers and The Bassassins.

You can see the Farm Island results and 2011 End of Year results on the **Walser Bass Tour site**.

For season pictures, go to Dan's Window Skydrive by [clicking here](#). (If you have trouble viewing, you might have to request access to view or set up a windows live email account. Let me know if you have problems viewing as most of the tourneys from this year have pics on them)

We had a lot of fun in our first year, I think we learned a lot about competitive bass fishing and it was capped by a great camaraderie and chatter while up in Deerwood. What makes our group unique is the feedback we request and look to implement for 2012.

We'll start planning in January 2012, that *includes taking all your comments and lake selections and working towards schedules*. Email us to if you think of other suggestions or lakes for consideration!

That's it for now, as fast as this inaugural year went by we will soon be on the water trying to unseed Flippin' & Lippin'. Thanks and congrats to everyone, you can expect an email from us by mid-February!!
