

## 2013 End of Year Recap

### **2013 TOC and Season Wrap-up**

Wow, I can't believe this is the end of the 3<sup>rd</sup> year of the Walser Bass Tour!

We have been fortunate to have brought together a great group of anglers that share the same passions for bass fishing, camaraderie, education, and competition! As happened for me this year, I personally hope that you too have gained knowledge from other members on approaching each day of fishing and as a result, seen improvement in your catching prowess.

Heading into 2013, we had our first January members meeting, we gained new members, enhanced rules, entry fees, payouts, and for the TOC we even expanded the field to make for higher payouts and reconnect with past teams. This year we were also able to take an exciting step by formally adding sponsors! Next year we look to add more in order to give even more value back to you, the members. Lots of changes from our first year and we look to continue the refinement to make this the best fishing experience for your money and precious weekend time.

We really believe this is the best weekend team bass tournament tour look forward to your participation in 2014!

Should you be heading out fall fishing, feel free to contact myself or other members for sharing a day on the water. Look out for the January meeting announcement later this year. Take care and have a great winter, thanks for making this another successful year!

### **Tourney Directors**

Jim Krocak, Dan Krocak - The Bassassins  
Jeremie Larson - Silver Lining  
Jason Master – Keepin' It Reel  
Jesse Larson – Gotta Have More Cowbell
