

August 7, 2015

WBT Members,

Congrats to the Trailer Park Buoys on their first WBT tournament win – Gunnar Meger and Sam Blundell! This weekend's tournament on Bald Eagle proved to be a challenging fishery and bite however these guys figured out the right bites to go to the top, congrats!

Attached are the results and picture of the results board, please review and let me know if you see any errors. **The Bassassins** still maintain a very slim lead however there is a handful of teams now ready to challenge them for Team of the Year – exciting!

Pictures and results are also posted on the [Walser Bass Tour Facebook page](#) by Jesse Larson. Send him any pictures from the weekend and he can get them loaded to the album out there as well.

The WBT fished a tournament this year that resulted in the biggest bags of fish in our 5 year history. Unfortunately the world has a way of balancing itself out and that was evident by the results and lack of answers following Sunday's day of fishing. Of note:

2nd lowest individual average bass weight total ever at 1.730 lbs per bass (2012 Big Marine 1.68lbs).

3rd lowest team average weight at 6.919 lbs (2012 Big Marine 6.6lbs, 2014 St.Croix 4.8lbs)

Historical Results have been updated and also included as an attachment, let's change things on Waconia.

Next tournament is on August 16th on Lake Waconia. We are launching out of the public access on the east side of the lake ([Link to Directions](#)).

Let me know ahead of next tourney if you will be needing a sub!

Jim Krocak

WBT Tournament Director
