

July 31, 2016

WBT Members,

Congratulations to the **The DD's, Dane Dornbush and Dan Lindahl, originators of the Prior Lake signature weigh bag and 1st place winners this weekend on Prior Lake! Their 16.35 lbs was enough to ziplock the deal and bolster the fact that Prior Lake is on the rebound!** Also congratulations goes to **Aaron Schmoltdt** of Flippin' Ain't Easy who caught the big bass of the tourney – a 5.85lb toad, which was not only the 2nd largest bass this season but also **Aaron's personal biggest bass ever!**

The Trailer Park Buoys have have 3 more tournament days left to maintain their hold on 1st place for team points, see the attached results and summary for the rankings.

Tournament of Champions – Woman Lake Sept 10th – 11th

We will be revisiting Woman Lake, location for the 2014 TOC! A separate email will be sent requesting your portion of the resort and Saturday BBQ costs and the total amount will be divided by 13 teams (Trailer Park Buoys staying elsewhere). So obviously, it will be slightly higher than the \$130 we estimated with 14 teams – I will have the actual dollars in a separate email. Thank you for assisting with getting us funds at Minnetonka!

Thank You to Our Sponsors!

Thank you to [Clam Outdoors and Polar Trailers](#) for providing the big bass award. [Pabst Blue Ribbon](#) for the refreshments and fun headbands, and to [Lewis & Wright Bass Technologies](#) for providing a pack of 7.5" hand poured trick worms! Please go out to their sites, like them on Facebook and tag their products in your fishing posts.

Results: Attached are the results, WBT History and a picture of the results board.

Facebook & Pictures: Pictures and results are also posted on the [Walser Bass Tour Facebook page](#) by Jesse Larson. Send him and I any pictures from the weekend and he can get them loaded to the album out there as well. I will be looking to send pictures to PBR and Lewis & Wright Bass Technologies.

Next Up – Lake Minnetonka on August 14th

We are wrapping up our regular season on Lake Minnetonka in less than 2 weeks! This will be the 6th time the WBT has fished here and the first time we have fished it in August which will most likely make for a different approach than which generally occurs in the June timeframe. Blastoff and weigh-in will occur with 3 Rivers Park and the adjacent island and those details and launch order will be emailed out sometime later next week.

Jim Krocak
WBT Tournament Director
